Heart180 FAQ's

- Heart180 Defib units include unlimited online training
- 24/7 Heart180 help line 1300 478 180 and email support info@heart180.com.au
- HeartSine Defib units include clear and concise verbal commands when activated
- HeartSine units have an 8-year warranty, a 4-year lithium battery pack life and conduct a weekly self-test to ensure the unit is always ready to use. No electrical connection is required
- HeartSine units are freestanding for shelf display or have wall bracket, alarm cabinet and dustproof tool case options available
- TGA approved Heart180 Defib Units are 100% tax deductible for most businesses
- The Pharmacy Guild of Australia & Ironman Champion Guy Leech have created a Heart180 Sudden Cardiac Arrest partnership to promote awareness of Australia's biggest killer and the valuable role that Australian Pharmacies can play in saving many of the lives lost in local communities. www.guild.org.au - Heart180

1. **Call 000 immediately if you think someone is having a heart related incident**
2. **An AED will only deliver a shock to a person with a shockable rhythm - follow the verbal & visual prompts provided by the defibrillator until the ambulance arrives**
