Who should complete this training?

This qualification will benefit pharmacy assistants already working in community pharmacy. Expanding your skills provides career growth and opportunities, helping you to secure your future.

As a pharmacy assistant, you provide customers with medicines and pharmacy products to help them with common illnesses and health conditions. You are also a vital link between the customer and the pharmacist.

Accredited training can help you ensure that your customers receive the best advice, care and health solutions.

What training do I need?

The Certificate III in Community Pharmacy is a recognised qualification for a pharmacy assistant working in a community pharmacy. This qualification is nationally recognised in all states and territories of Australia.

The Certificate III in Community Pharmacy will provide pharmacy assistants with foundation skills in product knowledge, health conditions and key pharmacy functions. These skills will ensure that you can provide health advice and information to customers with confidence and accuracy.

DO YOU KNOW ABOUT RECOGNITION OF PRIOR LEARNING (RPL)?

Available for all qualifications, the RPL process recognises the skills and competencies gained through work experience, prior training and life experience.

Through RPL, competency may be granted for specific units within community pharmacy qualifications, meaning some pharmacy assistants can finish their course earlier than expected.

How long will the course take to complete?

The Certificate III in Community Pharmacy is a flexible course that can be tailored to meet your learning requirements and career goals.

We will work with you to develop a training plan to meet your needs and the needs of your pharmacy.

Most pharmacy assistants complete the course in less than 24 months.

What will I study?

Guild Training is the preferred training provider for community pharmacy qualifications and offers real-life learning solutions.

To complete the Certificate III in Community Pharmacy you will need to complete 19 units—11 core units and 8 elective units. The core units will provide you with the skills to help customers with common health conditions, assist customers with their prescription needs and basic retail skills.

The elective units have been grouped into three streams, Health, Dispensary and Front of Shop.

You simply need to select one of these streams. For more information regarding the units studied please see the back of the flyer.

What are the entry requirements?

Minimum age requirements vary based on state legislation. Please contact us so we can discuss your state's legislation requirements.

The course has entry requirements which include :

- Being employed prior to enrolment
- Having access to a computer or device with internet access
- A degree of digital literacy which allows you to upload documents, recordings and complete your assessments online
- Your level of english spoken and written needs to be at a level to communicate with the general community
- Your numeracy skills need to be at a level to handle money and calculate medicine doses
- Successfully completing units which are pre-requisites to other units, refer to the following page

Our staff can discuss these requirements with you.

When can I start?

The Certificate III in Community Pharmacy is a flexible course, so we can start as soon as you are ready.

How much will this qualification cost?

Eligibility requirements apply to government funded courses which can impact the cost of a course.

Successful completion of a course under government funding may restrict your ability to access further funding.

Payment plans are also available.

So the sooner you contact us the better.
