

**The Pharmacy
Guild of Australia**

COVID-19 Vaccination Rollout

#arm yourself

**PRESENTED BY: TRENT TWOMEY, National President
SUZANNE GREENWOOD, Executive Director**

The Pharmacy
Guild of Australia

SPECIAL GUEST

Hon. Scott Morrison
Prime Minister

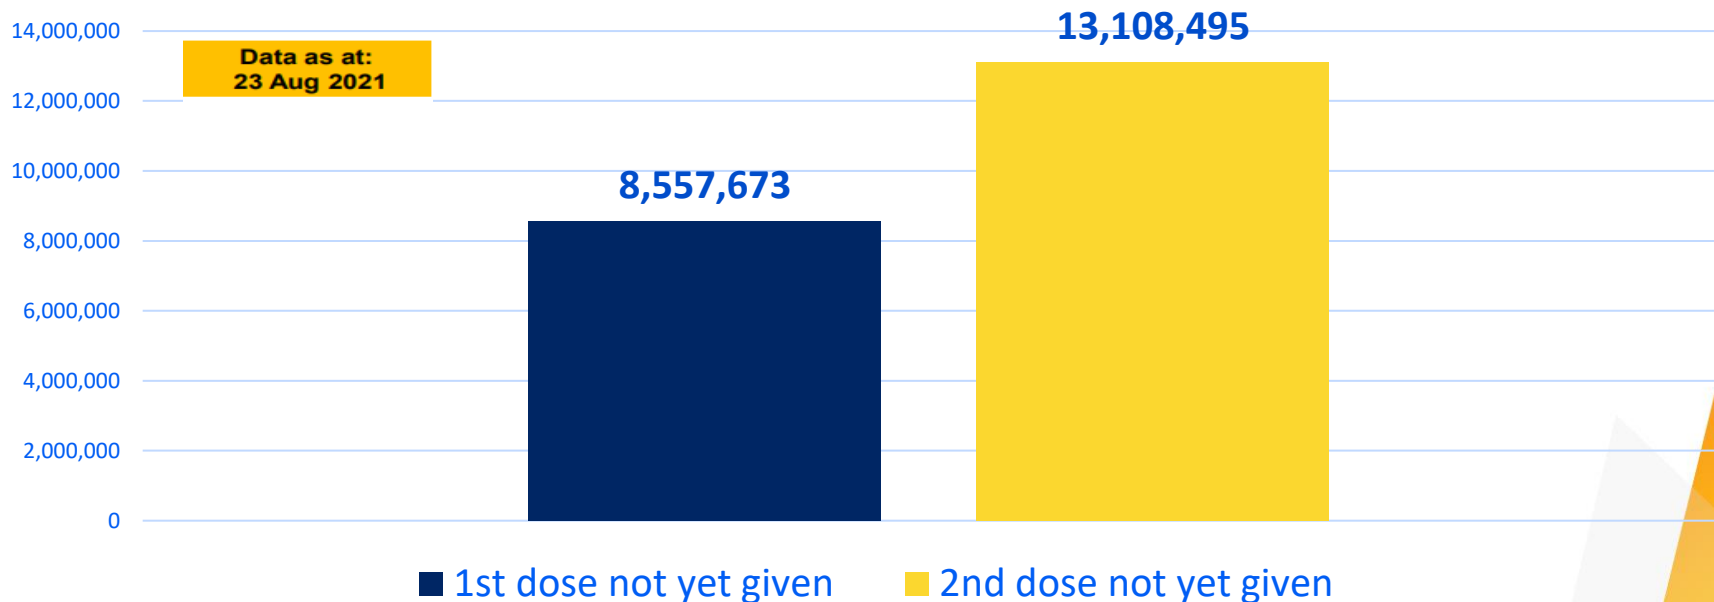

The Pharmacy
Guild of Australia

State of Play

21.67 million COVID-19 vaccine doses not yet given to patients

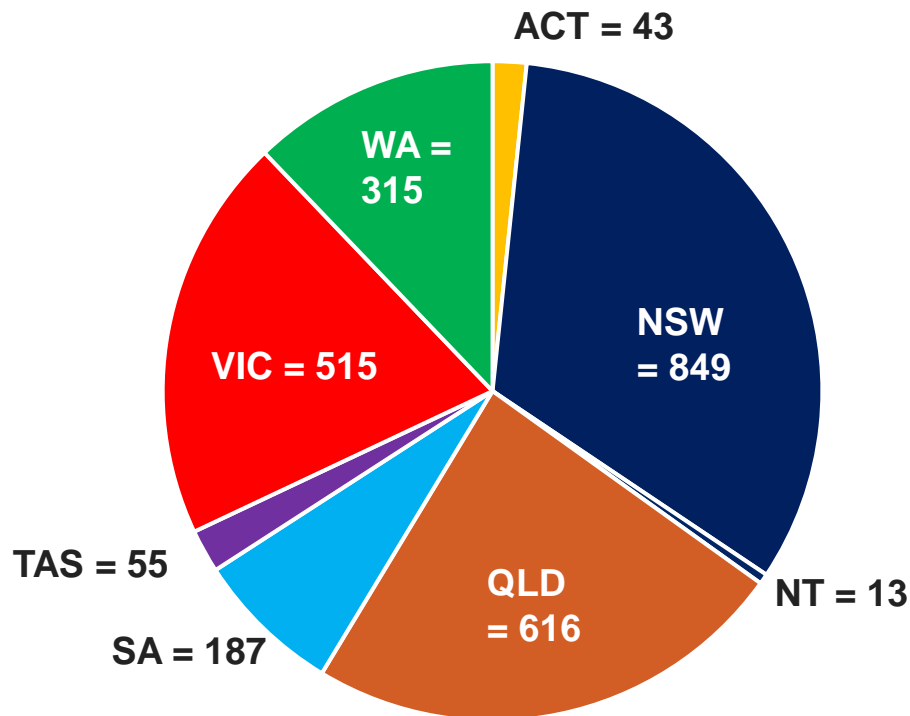

**21.67 million COVID-19 vaccine doses yet to be given to patients
(population 20 and over)**

2,593 pharmacies today

The Pharmacy
Guild of Australia

As at 25 August
over

226,900

COVID-19 vaccines
administered by
community
pharmacy reported
in AIR

2,953 pharmacies next week

620 pharmacies onboarded but have yet to place an order

3,569 pharmacies will be able to order Moderna, once available

The Pharmacy
Guild of Australia

The Rollout

AstraZeneca 2nd dose bookings

- Remember to book patients in for their second dose
- In outbreak settings, shortening the gap between doses brings forward short term protection*
- Efficacy increases with longer intervals

	<6 weeks	6-8 weeks	9-11 weeks	12+ weeks
Efficacy	55.1%	59.9%	63.7%	81.3 %

- Use the opportunity to ask patients if they have had their 2nd dose – freely available inhouse
- Doesn't matter where they have had their first dose – encourage them to have their 2nd dose with you

OF
the COVID-19
Vaccine AstraZeneca
for Community
Pharmacists

COVID+19
RESOURCE

Moderna – the process

- TGA approval for 18 years +
- TGA approval for 12 years + due within a week
- Distribution mid September
- Bookings late September
- Staged rollout
- Full rollout by mid October
- **EOI process still open – see previous email from PPA**

Even after six months it is proving to be 93% efficacious against any infection, 98% against severe disease and 100% against death and that's really exciting.

Professor John Skeritt, TGA

Latest Updates

Arm Yourself Campaign

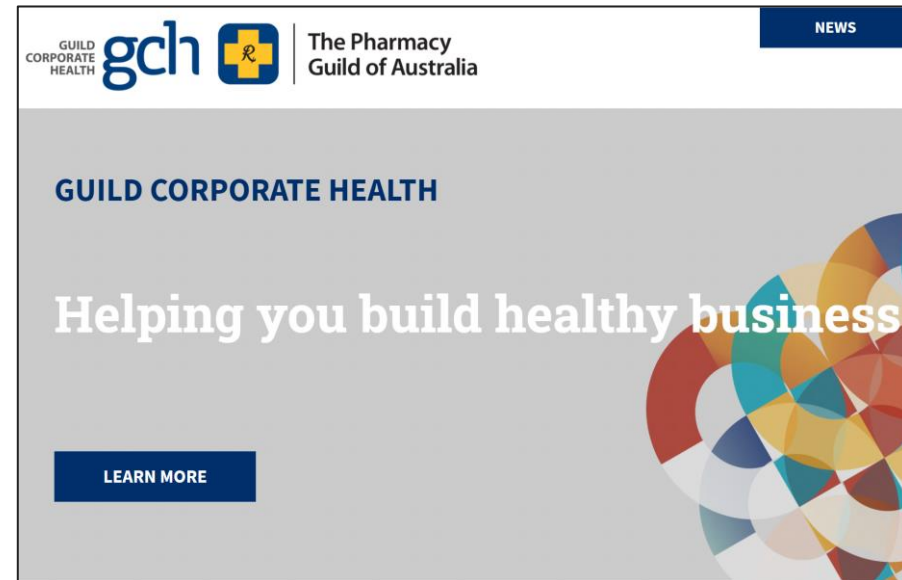

- Partnership with Commonwealth Government
- Public campaign to help boost the Commonwealth's 'Arm Yourself' campaign through community pharmacy
- Support the government in its goal to have 80% of Australian population vaccinated quickly

Guild Corporate Health

- Expanding and leveraging off the flu program
- Will help to boost the COVID-19 vaccination rate safely and quickly
- Online booking without the need for a voucher
- Offering the employee freedom to be vaccinated when and where convenient to them
- Fast service – no delays in booking times

If you are a GuildCare subscriber or participated in Guild Corporate Health Flu Program in 2021, you get free access from Friday.

All other interested pharmacies will need to purchase a GuildCare subscription.

Watch your emails Friday for more information.

Guildcare Subscription Options

	GuildCare Lite	GuildCare Full Subscription
<u>ProjectStop</u>	✓	✓
1 x Sponsored Program	✓	✓
Corp Vax (Flu and Covid)	✓	✓

Support level	Email only	Premium support (phone and email)
Fees	\$300	\$1650

ProjectStop will change over in September, which will see an updated interface and simplified user flow within GuildCare.

New Legislation Victoria (VIC)

Commercial Tenancies Relief Scheme

The Pharmacy
Guild of Australia

Timing: 28 July 2021 until 15 January 2022

Definition of “Affected Lessee”

A one-off test for the final quarter of 2018/2019 compared to the final quarter of 2020/2021; at least 30% drop in sales.

Amount of rent relief

It will be proportionate to the drop in sales with at least 50% waived and the balance deferred.

(i.e drop in sales 40%, rent relief = 20% waived and 20% deferred)

How it is calculated

At least 50% of the rent reduction must be a waiver (unless the tenant agrees otherwise), with the balance to be deferred.

New Legislation New South Wales (NSW)

Retail And Other Commercial Leases

(COVID-19) Regulation 2021

The Pharmacy
Guild of Australia

Timing: 13 July 2021 until 13 January 2022

Definition of “Affected Lessee”

Must qualify for New South Wales (NSW) business support grants i.e JobSaver.

Amount of rent relief

Rent reduction will be proportionate, based on the decline in turnover to ensure that any burden is shared between tenants and landlords.

How it is calculated

At least 50% of the rent reduction must be a waiver (unless the tenant agrees otherwise), with the balance to be deferred.

COVID Vaccinations in the Workplace

Five things employers can do right now

**Communicate,
encourage and
support your
workforce**

**Assist your
employees to
get vaccinated**

**Have sensible
conversations
with your
workforce**

**Keep accurate
and up to date
records**

**Continue to
take
preventative
measures**

The Fair Work Ombudsman (FWO) has developed guidance on the FWO's interpretation of a 'lawful and reasonable direction' towards an employee to be vaccinated. This guidance should be monitored closely, as the advice is evolving rapidly.

Rapid Antigen Testing

- Meeting today with Professor John Skeritt and TGA staff
- Within 24 hours, TGA to announce clarifying orders for community pharmacy to be able to test their own staff
- National Testing Framework is being revised
- R.A.T. of asymptomatic public in community pharmacy under discussion – watch this space!

NSW Public Health Order

- **With effect 28 August**, any authorised worker who works outside their LGA of concern is **only permitted** to work if rapid antigen testing is implemented at their work-site or they have had their **first vaccination dose by 30 August**.
- In addition from the 28 August, any authorised worker from the LGAs of concern is required to carry a permit from Service NSW declaring that they are an authorised worker and cannot work from home.
- Therefore, any business that employs authorised workers and operates in an LGA of concern or employs somebody from an LGA of concern, **must comply with the health directions as outlined, by having rapid antigen testing onsite for employees and/or ensure employees have had their first vaccination by 30 August**.
- Employers are liable and accountable to ensure that the health order is complied with.
