

CORONAVIRUS (COVID-19)

ADVISE A PHARMACIST IMMEDIATELY

If you have symptoms such as:

- » Fever
- » Cough (with or without fever)
- » Shortness of breath (with or without fever)

And have recently travelled to, or through,
an at-risk country in the last 14 days

OR

Been in close or casual contact in the 14 days
before onset of illness with a confirmed case
of COVID-19.

ADVISE A PHARMACIST IMMEDIATELY
