

Level 3 Surgical Face Masks

Made in Australia & TGA Registered

Product Description

The Level 3 Surgical Mask is a single-use face mask for use in healthcare where a person is at risk of blood or fluid splash. Designed to meet Australian Standard AS/NZS 4381:2015, the mask limits the passage of blood or body fluids through the mask layers. Featuring multiple layers of lightweight material, the mask provides comfort and breathability with two ear loops to hold the mask in place.

- Designed to meet AS/NZS 4381:2015 Surgical Face Masks
- Bacterial Filtration Efficiency (BFE) $\geq 98\%$
- Differential pressure, mmH₂O/cm² <5.0
- Resistance to penetration by synthetic blood to 160mmHg
- Included on the TGA Australian Register of Therapeutic Goods (ARTG) – from June 2020
- Inner carton dimensions designed for use in vending machines
- Non-sterile & Latex Free with ear loops
