

# BE COVID-19 SAFE

To help protect our community, our pharmacy is making some changes to our regular procedures.

We are:

- Sanitising hands regularly
- Sanitising and cleaning surfaces regularly
- Offering masks to people with respiratory infections
- Offering deliveries for vulnerable people
- Removing pens and the need to sign for prescriptions
- Encouraging EFTPOS and reducing cash handling
- Changing how we do things to minimise transmission risk

Important: If you think you might have COVID-19 because of recent travel or contact with a confirmed case, **phone the Tasmanian Public Health Hotline 1800 671 738** for advice.

If you **haven't** travelled or had contact with confirmed case, **phone your doctor or healthdirect Australia 1800 022 222.**

Help protect others around you by washing your hands, covering your coughs and sneezes and keeping your distance.
